Hannan Khan

UX DESIGNER

Hamilton, ON | (905) 537-0100 | hanunu662@gmail.com
hannankhan2025.com | linkedin.com/in/hannan-khan-906102208

University student at Wilfrid Laurier University studying UX Design, with research and design work on real client projects, including a digital services playbook for the Region of Waterloo and an end-to-end website redesign for an MTO-approved driving school, built and moving to production. Currently a UX Researcher on Retrace AI at Sauvrn AI, Google UX certified, Dean's Honour Roll, and incoming Business Analyst Intern at Deloitte.

EDUCATION

Honours Bachelor of Design, User Experience Design — **Expected 2028**
Wilfrid Laurier University, Brantford, ON

- Dean's Honour Roll, Faculty of Liberal Arts, 2024 to 2025
- Coursework in design thinking, UX research methods, interaction design, and physical computing

EXPERIENCE

Business Analyst Intern, Technology and Transformation — **May 2027 - Aug 2027**
Deloitte Canada

- Incoming four-month placement in Deloitte's Technology and Transformation practice

UX Researcher, Retrace AI — **Oct 2026 - Present**
Sauvrn AI, via Riipen, Remote

- Book and run user interview sessions for Retrace AI with participants across time zones, including the West Coast
- Adapted the session script into an Easy Read version so more participants can take part comfortably
- Brought on a second UX researcher and coordinate moderation and note-taking between sessions

Web Designer — **2026 - Present**
Math Learning Centre, Remote

- Redesigned and built mathlc.net for an online tutoring centre serving Grade 6 to 12 and first-year university students
- Structured the homepage around the questions parents ask: price, how classes work, subjects, real results, reviews and FAQs
- Added an interactive practice question and a single free-consultation call to action

User Experience Design Intern, Product + UX Lead — **Sep 2025 - Present**
G Class Drivers, Hamilton, ON

- Ran usability tests and heuristic evaluations on the live site, watching real users try to register for courses and book in-car lessons
- Pinpointed where users got confused or dropped off, and turned those findings into clear recommendations for navigation and content clarity
- Produced wireframes and low-fidelity Figma prototypes, then built the redesign in React and Tailwind with booking forms, online payment, and live instructor availability
- Lead product and UX on the school's own system: student and instructor iOS apps, an office portal, and Zun Drivers, its online Beginner Driver Education course

Driving Instructor — **Jun 2026 - Present**
G Class Drivers, Hamilton, ON

- Teach in-car lessons covering defensive driving, Ontario traffic law, and G2 and G road test preparation, adapted to each student's confidence

Office Administrator — **May 2024 - Present**
G Class Drivers, Hamilton, ON

- Coordinate lesson scheduling across three locations, matching students to instructors around travel time and availability
- Handle calls, emails, and booking requests, keep student records current, and propose process fixes in owner meetings

Sales Specialist — **May 2025 - Sep 2025**
Cogeco Inc., Burlington, ON

- Sold internet, TV, and phone packages to homes and small businesses, explaining options in plain terms and walking new customers through setup

Barista — **Oct 2025 - Present**
Starbucks, Grimsby, ON

- Serve customers in a high-volume store while holding drink accuracy and speed of service standards

Merchandiser — **Feb 2024 - Jul 2026**
Shoppers Drug Mart, Hannon, ON

- Built and maintained product displays to planogram, and reset sections for promotions and seasonal changeovers on schedule

SELECTED UX PROJECTS

G Class Office Platform **2025 - Present | Product + UX lead**

Student and instructor iOS apps in TestFlight, an office portal, and Zun Drivers, an online BDE course built on the school's own curriculum and designed around MTO rules for digital delivery.

Region of Waterloo Digital Services Playbook **2026 | Team of 7**

Service design project for a municipal client in Design Thinking II. Researched how residents find and use the Region's digital services, then delivered a playbook the client can apply to future service work. Contributed research synthesis and accessibility guidance.

G Class Drivers Site Redesign **2024 - 2026 | End to end**

Full redesign of a driving school website from usability tests, a heuristic evaluation and a 16-person unmoderated test through to a production-ready build covering booking, pricing, course content, and instructor availability.

Math Learning Centre Website **2026 | Client**

Redesign of an online tutoring centre's website, built around what parents need to see before booking: price, proof from real students, and one clear next step.

Dollars and Sense, Wilfrid Laurier University **2025 | Client project**

Worked with the university's Financial Literacy Specialist to improve the Dollars and Sense program. Ran student research into how the program is discovered and used, and delivered recommendations on how it is presented and promoted on campus.

Apex Elite Security Website **2026 | Freelance**

Designed and built a multi-page B2B site for a security services company, from content structure and page design through to launch.

Ten full case studies, including Posture Check, Reminder Box, Laurier Wellness Services, and Zinger Music App, are at hannankhan2025.com

LEADERSHIP AND VOLUNTEER EXPERIENCE

President, Pakistani Student Association *Wilfrid Laurier University* **2026 - Present**

Recruited and lead the executive team, planned a six-event fall program, built the budget request submitted to the Students' Union, and designed the club's visual identity and recruitment materials.

President, Muslim Students' Association *Wilfrid Laurier University* **Sep 2025 - Apr 2026**

Led the executive team and represented the association to university administration, running religious, educational, and social programming and advocating for student needs on campus.

Vice President of External Relations, Muslim Students' Association *WLU* **Sep 2024 - Sep 2025**

Managed partnerships with outside organizations, represented the association in outreach, and coordinated joint events with other campus and community groups.

Event Coordinator, Muslim Students' Association *Wilfrid Laurier University* **Sep 2023 - Sep 2024**

Planned and ran community events end to end, keeping everything on schedule on the day.

Information Officer *Elections Ontario* **Oct 2021 - Present**

Completed official training and guide voters through the voting process and their rights on election day.

Volunteer *Namal Education Foundation* **Dec 2022 - Present**

Raise funds for a university in Pakistan through community outreach and donation drives, working directly with donors.

Volunteer *Jinnah Cultural Society of Hamilton* **Mar 2018 - Present**

Help run cultural events for Hamilton's Pakistani community, from setup through to day-of coordination.
